

[A]

Three alternative updates from the same portfolio at t

Current portfolio

Observed support.

 t

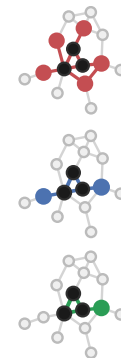

Direct allocation

Single support

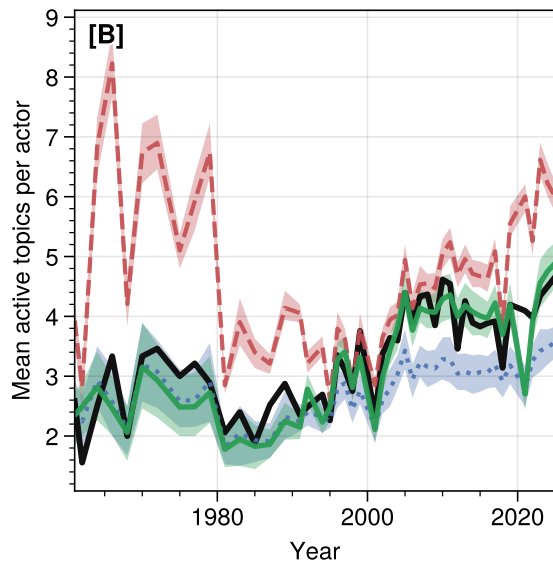

Retain-and-adopt

 $t + 1$ 

Observed actors, budgets K_{at} , and the pooled concern space Φ are fixed.
The three rules differ only in how they update support from t to $t + 1$.

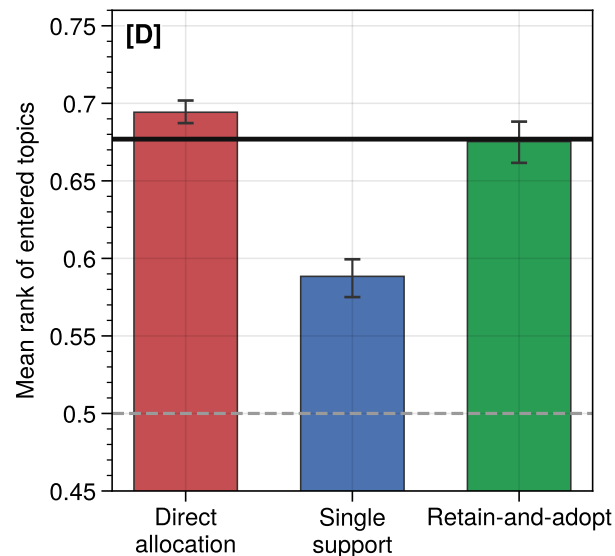

[B]

[C]

[D]

— Observed

- - - Direct allocation

... Single support

— Retain-and-adopt

- - - Random baseline (panel D)
